Pre-Race Briefing

All participants must be present at Race Briefings to ensure they are aware of latest updates.

There could be last minute changes as a result of weather conditions, etc.

Fasten your helmet before unranking your bike and running it along the cycle lane to the bike exit. Mount bike after you have crossed the mount line. On reentering transition, you must dismount from your bike before the dismount line and run your bike along the cycle lane to your allocated bike rack. Only then are you permitted to take off your helmet. Please note that all competitors must complete the cycle and run with a covered torso.
